FINANCES and MARKETS

[Republican A. P. Leased Wire]

NEW YORK, May 1. (Wall Street)

—Regardless of numerous week-end developments of an adverse character, chiefly the increasing expansion of labor disturbances, and the British defeat in the east, today's market continued its upward march. To be sure, an altogether disproportionate amount of the activity and strength was shown by a few special issues, mercantile marines again being the dominant feature at new high records. Recognized war shares regained some of the recent prominence. Crucible Steel, Baldwin and American Locomotive American Car, Rubbers and Metals and minor equipments and Industrials rising one to four points.

Mexicans were visibly improved by reports of a reassuring nature regarding the course of negotiations with the de facto government.

Rails were again a negligible factor until the final hour when reading led a general rise in that group. March statements of leading railway systems also were of material assistance.

Total sales of stocks amounted to 920,000 shares.

The lack of news regarding the German situation was considered a favorable augury and the collapse of the Irish rebellion was reflected in the better tone of international markets.

Bonds were steady, but otherwise featureless. Total sales par value, \$2,390,000.

Panama coupon 3's were 1 3/8 lower on call.

CHICAGO, May 1.—Unseasonably cold rainy weather that rendered certain a further curtailment of spring seeding led to sharply higher prices today in wheat. No important reactions took place, and the market closed strong 1 3/4-1 1/2 to 3 7/8 net higher, with May at \$1.16 1/2, and July at \$1.17 1/2. Corn finished unchanged to half higher, oats up 1/4 to 1/2 and provisions with gains of 1/4 to 3/8.

Wheat opened sharply higher and a good deal more active than usual. In addition the first of the month deliveries on May contracts here were small. Assertions that Emperor William was hinting at an early peace also tended to give rise to sentiment favoring the bull side.

Corn responded to the wheat advance. Oats derived their strength chiefly from the action of other grains.

Provisions advanced to the highest level yet this season. Lower quotations on hogs were only a temporary hindrance.

HOTEL CLOSES FOR SUMMER

After the most successful season in its history, the Hotel San Marcos closed for the summer on Sunday night. For much of the season not only was every room in the hotel filled, but there was a waiting list besides. Many of this year's guests have already reserved quarters for next winter.

With the closing of the hotel many of the employees have departed for the summer. Mrs. W. H. Robinson, manager, will stay in Chandler until some time in June, when she will go to Prescott for the summer. Chief Clerk G. C. Hilton as well as chef Frank Parsons will pass the summer in California.

CHANDLER HAS HEAVY FREIGHT SHIPMENTS

One of the largest freight trains that ever came into Chandler came special Sunday, consisting of twenty-five cars all for local use. Part of the cars contained gravel for the Robinson-Collis building, and the rest were empties to be loaded out with hay.

A FINE SERVICE

The service in the L. D. S. hall on Sunday evening was one of real merit and much appreciated by the large audience present. The quartette from Mesa entertained the audience with a number of excellent musical selections and well deserved the hearty applause accorded them. Arizona, her past, present and future, was the theme of an address by W. H. Robinson of Chandler. In his own interesting way he took the listeners back to the prehistoric races and dwellings, then down to a later day of the Indians and Spanish, and at last brought a glimpse of the great prospects for a wonderful future for our own sunny Arizona. Dr. F. C. Jordan sang "The Palms" as usual pleasing to Chandler audiences. The Chandler Ward people deserve much credit for the many excellent entertainments they have given in Chandler.

OPERA AT CHANDLER

Much interest is being taken in Chandler over the old favorite "Chimes of Normandy," which is to be given in the L. D. S. hall by a company composed of the best voices in the L. D. S. church throughout the state. This is the first real opera given in Chandler, and much is being made of the event.

CLUB MEETING

The Woman's Club will hold their regular monthly meeting on Wednesday afternoon in the Chamber of Commerce rooms.

TEMPE HI ALUMNI FORM ASSOCIATION

One of the most pleasing social events of the year at Tempe high school attended the gathering of the alumni on last Saturday evening. It was the first reunion of the institution's graduates since the first diplomas were handed out in 1911, and nearly half a hundred of those who but a few years ago left the halls of Tempe high to enter their variously chosen walks of life were back to greet old acquaintances, make merry and assist in the organization of the alumni association.

Alumni day opened with a ball game between the present Tempests team and a pick of the graduates and after ten live innings the youngsters succeeded in landing the victory.

Saturday night was given over to a social time and the organization work and every class that has passed from the school since 1911 was well represented at the gathering. The first officers of the association are Sidney B. Moer, president; Miss Edna Bowers, vice-president and Lloyd Ozanne, secretary and treasurer. Annual meetings will be held and Saturday night social while a good time at the banquet table forecasts another big meeting in 1917.

Three other showings of this home production will be made during the course of the day and on Thursday three runs of the big film will be made. SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! Sage Tea and Sulphur Darkens Hair so Naturally that Nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.
